

# TranzCom

## TranzCom participated in the third edition of the 100% Relay Race for Life in order to support research against leukemia

September 28, 2019 - The idea is to gather a team of runners who agree to run at least one lap. Each team has to run a total of 100 laps of 400 meter as they wish.

The 100% Relay Race for Life is organized by a non-profit organization, aiming to raise funds for hematology research at the Bordet Institute, a pioneering centre in Belgium's fight against cancer. This event is an opportunity to have a good time together while supporting a great action!
